

Mini Ignition Coil for Evo Single Fire Applications

Features

- Miniature coil intended for custom motorcycles where space is at a premium and single fire is required for maximum performance
- Same dimensions and electrical characteristics as Nology Profire™ PFC-30-S coil at a substantial cost savings!
- 3 ohm primary is compatible with Twin Tec Models 1005-1007 and most aftermarket single fire ignitions including Compufire, Crane HI-4, and Dyna 2000. Not compatible with older Dyna S series
- Kit includes universal spark plug wire set with choice of 90 and 135 degree spark plug boots and all required electrical terminals
- Overall dimensions: 2.4" x 2.3" x 1.6" (not including terminals and tower).
- Weight: 7 oz
